

Herrera

SINGLE VINEYARD • BARREL SELECTED • LIMITED PRODUCTION

2007 Selección Rebecca

The Story.....

One of the many benefits of growing grapes in the Napa Valley is the almost limitless bounty that Mother Nature bestows upon us. So generous in fact, that in good vintages I'll often discover a few barrels that are clearly superior to everything else in the cellar. On most occasions, this is a direct result of decisions that I make as a winemaker. Humbly, there are times when Mother Nature's good graces are purely the result of good fortune.

Given the numerous variables that I encounter each vintage, it is only after I've had a chance to taste through each barrel that I gain a genuine appreciation for the nuances that each vineyard has to offer. Those barrels that prove to be truly unique & distinctive, will ultimately form the foundation of our limited production, ultra-premium Herrera label.

Each wine will be named in honor of one of my children and will only be produced in years when I feel that the vintage warrants special recognition. Considering the painstaking nature of this process, production will generally be limited to approximately 100 cases.

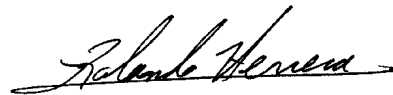

The Wine.....

In a tribute to my first born daughter Rebecca, it seems only fitting to craft wine from the king.....I mean Queen of Napa Valley grapes, Cabernet Sauvignon.

This wine possesses tremendous structure and concentration while it simultaneously maintains an impeccable sense of terroir. The bouquet is loaded with mocha, roasted espresso and ripe black fruits. The mouthfeel is expansive & satisfying with great richness & a superior tannin structure.

A long, persistent finish offers lingering hints of toasty oak, caramel and most importantly, an indelible impression of a well-balanced wine. A true gift of Mother Nature.
